

At Innovative Design / Build: we offer the full range of Design/Build Construction, Consulting services. INDB was Established in 1996 by its Principal Mr Ahid Ghafoor. The firm goal is to provide thoughtful, Innovative design solutions combined with precise technical and administrative services. We offer our client the option of construction management, or Design and Construction services who will have one steward to command your project who will guides all aspects of your project from inception to completion. The principal of the firm Mr Ahid Ghafoor has design and managed well over 100 projects through out his career, INDB objective is to provide highly skilled Professional construction/ design services that our industry can offer our industry can offer we listen extremely well, and maximizes the impact of design excellence We believe that it is important to give equal weight to all stages of the project from initial brief to resolution of defects. While our design approach is broadly modernist we are keen not to impose any one particular style on those commissioning a building and believe it is important that the desire of the client are evident in Architecture.
